Roosevelt declared himself for "revision of the tariff by its friends" but he agrees with its friends that they need'nt revise it at all if they don't want to.

Of course, when certain nameless crimes are committed if the military happens to get there about the same time the lynchers do nobody will care very much if the military does take their old blank cartridges along by mistake.

A Japanese has been arrested in Kansas City for flirting with pretty girls on the streets. Americans applaud the Japs for imitating Yankee ways but when it comes to butting in on the rubbering business we can't stand for the almon-eyed sons of Nippon.

It seems that Wilmington can't keep up with the demand for houses. At least one family will have to make a Winter residence of a Summer residence on the Sound. Another family desires to remove from another city to Wilmington but finds it impossible to rent a house. Wilmington is either growing rapidly or building houses too slowly.

The wives of North Carolina politicians are reminded that there is no earthly necessity to tie a string around the fingers of their husbands in order to make them remember the date for the Bryan reception in New York. The rattle of the band wagon will be sufficient to make the politicians remember that they should be conspicuously in evidence at Madison Square Garden, August 30th.

The sensible thing for the regular Democrats of New York to do is to nominate William J. Gaynor for Governor. With the existing divisions and confusion in both parties there Judge Gaynor would poll thousands of Republican votes and would stand a fair chance of election. And if elected Governor he would make an ideal running mate for Bryan in 1908. He can stand the Jeffersonian test: "Is he honest? Is he capable?"

FARMERS' ALLIANCE

Important Resolutions at Twentieth Annual Meeting Held This Week at Hillsboro

GOVERNOR GLENN ENDORSED

Corporation Commisison Certifies to Counties Their Proportion of Railroad, Telegraph and Other Like Property Tax.

(Special Star Correspondence.)

Raleigh, N. C., Aug. 16.—The twentieth annual session of the North Carolina Farmers' Alliance closed last night at Hillsboro, the session being the most successful and satisfactory in a number of years. The financial reports showed the finances in good condition. A number of new sub-alliances were reported as recently organied. George F. Parrott, of Lenoir county, was elected president to succeed W. A. Graham. J. A. McAllister, of Lumberton, was elected vice president. All other officers were elected.

A resolution adopted endorses Gov. R. B. Glenn and his efforts to put down lynching and denounces the spirit of mob law.

Another resolution calls on the Corporation Commission to refuse to make any change in the minimum car load in shipments of fertilizer, there being an effort on the part of the railroads to secure a change from ten to twenty tons as a minimum. This the Alliance declares would be prejudicial to the faming interests.

The North Carolina Corporation Commission mailed out to-day to the various counties of the State their apportionments of the tax on railroad, telegraph and other property of that class. The highest amount for any county is to Robeson, $2,828,674; New Hanover gets $1,096,612; Onslow, 927,212; Columbus, $2,127,673; Duplin, $981,418; Sampson, $1,260,829; Wayne, $1,427,406.

FUNERAL OF ALEX F. MILLER.

Remains of Young Man Tenderly Laid to Rest Yesterday Evening.

The funeral of the late Alex. F. Miller, the young man who met such a tragic death Wednesday afternoon by being run over by an excursion train on the yards of the Atlantic Coast Line in this city, was conducted at 6:30 o'clock yesterday evening from the family residence, Tenth and Chestnut streets, Rev. J. M. Rose, D. D., supply pastor of the First Presbyterian church officiating. There were in attendance a large number of the young man's fellow employés in the A. C. L. general offices in this city and the occasion was a sad one indeed. The hour was postponed from 5 o'clock to await the arrival of a number of relatives of the family on the train from the North the same evening.

There was nothing yesterday to shed any light on the terrible tragedy beyond the fact that it is known that death was the result of some fearful accident, either by falling or because young Miller missed his footing and was thrown under the cars.

The remains were laid to rest in Bellevue cemetery, the pall-bearers having been Messrs. Raymond Ellis, Garland Murphy, Emmet Crow, Cicero Craig, Bruce McCaig and J. M. Edwards.

POLICE COURT YESTERDAY.

Several Offenders Before the Mayor Pro Tem—Arrests.

In the police court yesterday Herbert Larkins and John Louis Smith, colored, were charged with an affray in which brick were used by the combatants. They were each bound over to the Superior Court under bond of $50 on a charge of an assault with a deadly weapon.

Eugene Bertrain, colored, charged with an affray, was given 15 days on the county farm.

Late in the afternoon Policeman Leon George arrested for drunkenness at Fifth and Swann streets, Bertha Nelson, a notoriously bad white woman, who has several times been banished from the city. She will be tried by Mayor Pro Tem. O'Brien to-day.

BOARD OF ALDERMEN WILL NOT BREAK FAITH

Standard Oil Permit for Erection of Tank Subject of Two Hours' Interesting Discussion Yesterday Afternoon—An Injunction is Threatened

State of North Carolina, New Hanover County, City of Wilmington vs. Standard Oil Company—This cause coming on to be heard at a special, called meeting of the Board of Aldermen yesterday afternoon, Mayor Pro Tem. O'Brien presiding and all members of the Board being present except Alderman Karr, also various and sundry citizens, newspaper people and lawyers, after a full investigation of all the facts and circumstances bearing upon the question, the Board by a vote of five to two, while admitting that it had blundered in allowing the tank of the "defendant" to be placed at Second and Brunswick streets, ordered, adjudged and decreed that the aforesaid Standard Oil Company be allowed to proceed with the improvement of its property in this city under the proper safeguards, thereby keeping faith and disposing of for all time to come a most disagreeable subject.

Such in brief, as the lawyers would express it, was the upshot of the special meeting of the city council yesterday afternoon at the City Hall, the session having followed a twenty-minute caucus in the Mayor's office and continuing in all for more than two hours and a half. Mayor Pro Tem. O'Brien was in the chair in the absence of Mayor Waddell, who is off on his vacation. Mr. Karr, a member of the Board, was confined to his home by illness and was excused from attendance. Citizens were present to the number of a hundred or more and as the vociferous argument of attorneys for each side reached the street from the City Hall during the progress of the meeting, the crowd kept collecting until the court room was well nigh filled. There were present many of the protesting property owners, who were represented before the Board by their counsel, Hon. Jno. D. Bellamy. The Standard Oil Company was represented by Messrs. Jno. D. Bellamy, Jr., and James O. Carr. City Attorney Marsden Bellamy, Jr., City Clerk and Treasurer Fowler, Building Inspector H. E. Bonitz, Fire Chief Schnibben and Police Caiet Williams, of the Fire Commission, and other city officials were also present. Members of the Board and Mayor Pro Tem. O'Brien filed into the council room from the caucus in the Mayor's office at twenty minutes after 5 o'clock, Alderman O'Brien taking the chair. The Mayor stated that a majority of the members of the Board were present and asked the clerk to read the call for the meeting. The object was consideration of the petition of citizens against the erection of a storage tank by the Standard Oil Company, at southeast corner of Second and Brunswick streets and or any other business that may come up."

Alderman Price asked for the protest of citizens and the petition as previously published with the addition of the names of M. J. Heyer, Steve Nelson, J. D. Doscher, Jr., Wm. Goodman, W. J. H. Bellamy, L. S. Belden and Oscar Pearsall was read by Mr. Bellamy for his clients. Mr. Bellamy then without further ceremony proceeded to address the Board at some length, characterizing the building of the tank in that locality as "an enormity that is being perpetrated on the community." Proximity of the tank to the property of several of his clients was given in feet and inches and it was declared as an outrage upon them for the Standard Oil Company to attempt such a thing. He laid down as a principle of common law 300 years old that a man must so use his property that he does not disturb or injure his neighbor. In this case it was a police law vested in the city of Wilmington in common with every other city or town in the United States. Mr. Bellamy laid down the proposition that even if the Board of Aldermen did make a contract inadvertently or otherwise, the action was a nullity. No legislation can bargain away the police power and the city had a right to revoke any permit that had been given. The fact that the Board of Aldermen had already granted this permit had nothing whatever to do with the question. He read numerous abstracts from Freund's Police Power, a late publication, and spoke at length of the duty of the Aldermen to the citizens of the town. He also read opinions from the Indiana Supreme Court and of the United States Supreme Court in the lottery case from Mississippi where it was held that to protect the morals of the State, it was held that it was no breach of contract to revoke the charter of the lottery. Mr. Bellamy read a proposed ordinance or resolution, revoking the permit, stating legal grounds therefor. He also read from the regulating of the National Board of Fire Underwriters regarding the storage of fuel oil, requiring tanks to be specified distance from other property. Mr. Bellamy was interrupted by Mr. Barksdale to say that no fuel oil is stored in Wilmington and would probably never be. Fuel oil was the crude product and was explosive. It was proposed to store only refined oils in the tank in question.

Mr. Jno. D. Bellamy, Jr., spoke in behalf of the Standard Oil Company, saying that the company had acted in perfect good faith with the city of Wilmington and had expended something like $10,000 already on the basis of the permit given. He conceived it to be a breach of good faith for the city now to make the company lose a large amount of money by rescinding a former action and intimated that the members of the Board would be individually liable for any financial loss. He also stated that the same morning he had called on four different insurance agencies and was informed that the rate of insurance would not be increased one iota by the construction of the tank there and that the property would not be jeopardized in the least. He also explained the difference between refined and crude oil and told of the location of other tanks in many cities of North Carolina where there had never been a conflagration of any kind. Mr. Bellamy referred to the immense business of the Standard Oil Company to the Board of Aldermen and how every stage of the proceedings were carried through. The present tanks of the city have been here for 30 years and there has never been loss by fire because of their presence.

Then followed a discussion as to whether the permit to build the tank had ever been passed on legally or not and widely varying opinions were expressed as to how the permit was granted whether by the Board of Aldermen or through the Fire Commission. At the suggestion of Alderman W. H. Yopp, Mr. Bellamy read the existing law as to such permits wherein it was provided that the Fire Commission is required to make an examination of all proposed construction work and report back to the Aldermen, which it was alleged that the Fire Commission did not do in this instance. Mr. Bellamy made the point that while the application was referred to the Commission with power to act, it had no power to act further than the law allowed and that the law prescribed that it should report back to the Board of Aldermen. In that view of the question, Mr. Bellamy denied that the city had made a contract with the Standard Oil Company for the erection of the tank.

Fire Chief Schnibben was called on for his understanding of the situation. He said that the Commission made one examination of the premises on the first application but that he was so well satisfied that it was the northwest corner of Second and Brunswick insead of the southeast corner of the streets for which the second permission was desired that a second time he did not investigate as he sized up the location of the property on his first visit. However, if the fire laws were carried out in the construction of the tank, he saw no more danger in one location than another; in fact, he believed he preferred it on the corner on which it is being put to the other corner.

J. O. Carr, Esq., addressed the Board, reading all the correspondence in the case and laying particular stress upon the fact that if the Board was under a misapprehension as to the location of the tank when the permit was granted, it certainly could not have been so blind as not to have seen where the storage was to be when it granted an application to run a pipe line to the porperty "across Brunswick street," which the Board admitted was read and passed in due form. Mr. Carr said that the contract with the city for building the tank was just as morally and legally binding

NEW SHOE BUSINESS

Messrs. Price and Hewlett Will Open at 109 Market Street Early in Fall

UP-TO-DATE ESTABLISHMENT

Young Men of Experience and Ability to Engage in Business For Themselves—Senior Member Gone North to Purchase Stock.

Messrs. George T. Hewlett and Joseph A. Price, lately with Solomon's Shoe Store and young business men of ability and experience, have formed a copartnership and early in the Fall will open an up-to-date shoe store at No. 109 Market street. The store is now being thoroughly renovated and fixtures are being installed to take care of the business and it is safe to say that Wilmington in a short time will have no more popular establishment than that which these young men will conduct. Mr. George T. Hewlett left yesterday for New York and other northern markets and while away will make the selection of the stock for the new establishment.

The store which the new firm will occupy is centrally located and is admirably suited to the shoe trade. It is to be remodelled throughout and put in first class condition. The young men at the head of the new enterprise will handle standard manufactures of fine footwear and will give prompt and efficient service to the trade. Both are experienced men, Mr. Hewlett having been in the shoe business for 22 years and Mr. Price having had similar experience for a number of years in charge of the shoe department of Messrs. J. H. Rehder & Co., and later was with Messrs. Peterson & Rulfs. Both have been with the Solomon shoe establisament for a number of years and are popular with the trade and the people generally.

The style of the new firm has not yet been decided upon but that is not here nor there. At the proper time this announcement will be made and the young men composing the firm will be able to cater to the styles and tastes of the most fastidious. The business promises exceedingly well.

BUILD STORAGE PLANT.

Plans for New Buildings on Nutt Street—Remove Tracks.

Messrs. Wm. E. Worth & Company have had plans drawn for an extensive building which will be erected for the firm on the west side of Nutt street, between the offices of the Armour Packing Company and the store formerly occupied by McNair & Pearsall. It is understood that the buildings will be used principally as a cold storage plant and that the cost will be quite large. It is expected that work will begin within the next sixty days, all the arrangements being tied up for the present because of tracks of the Atlantic Coast Line in the rear of the lot which form a part of the "dummy line" system. The tracks are on private property but Mr. Worth has an agreement with the road, he says, by which the company agrees to remove the rails upon sixty days notice.

Messrs. Worth & Company have operated extensive cold storage in the city for some itme, but the purpose to build now and concentrate all his interests there is construed to mean that the business will be greatly enlarged and pushed with even more enterprise than heretofore.

The Truckers' Meeting.

Most of the truckers from Eastern North Carolina who were here for the annual meeting of the Association Wednesday, returned to their homes yesterday. In the proceedings of the meeting of the Association as given in yesterday's paper it was stated that Mr. J. A. Westbrook was elected vice-president of the Association. It should have been Mr. J. A. Brown, of Chadbourn. Mr. Brown received the honor at the meeting of the Board of Directors immediately after the general meeting of stockholders.

Has Employed Counsel.

C. J. Beery, the local agent of the International Correspondence Schools in this city who was arrested Wednesday on a charge of embezzlement of funds belonging to the company by which he was employed, yesterday engaged Hon. Jno. D. Bellamy as his counsel and will endeavor this week to give bond. A number of friends in the city have interested themselves in behalf of Mr. Beery and hope to arrange bond for him.

WOLF IN SHEEP'S CLOTHING.

The Sampson Democrat, of Clinton, N. C., contains the following timely and telling reference to one of the tricks of the Republican party in North Carolina:

"Have you read the brassy Republican platform sent out by the pie brigade on July the 10th? Well, if you haven't you just ought to read it in order to see how cheekly people can be. They actually profess to have always shown their loyalty to the Confederate soldier, in the face of the actual fact that a Republican Legislature in 1895 refused to adjourn in honor of the great Confederate General Robert E. Lee, and at the same time that same Legislature did actually adjourn in honor of the negro Register of the Treasury, Fred Douglass. They don't like for you to tell this, but it's so; let them deny it. This unseemly act of itself ought to turn any true Southern man away from the Republican party. The Democrats gave the first dollar to the relief of the Confederate soldier, and have given them every dollar they could, while the Republicans only continued what the who claim to be Southerners, and then less felt obliged to do, fearing the righteous indignation of the people, or they might have withdrawn every dollar from them, for a crowd of men whoc laim to be Southerners, and then refuse to honor the illustrious Lee, are capable of doing just such a trick. We remember well that in 1897 and 1898 we were in command of the Sampson Light Infantry, and not a dollar was appropriated by the Republican Legsilatures to maintain the State Guard—not a single dollar, they had used up the money among their avalanche of office holders, and had to withdraw the appropriation that the Democrats had allowed; on top of this, they brought about the hellish conditions that caused the Wilmington riot, and the State Guard had to be called on, and they had made no provisions for them."

Neither should the Republican party fool anybody about pretending to extend the time for the grand-father clause of the suffrage amendment of our constitution to go into effect. The Democratic party put that grand-father clause there to prevent the Republican party from marching its black allies to the polls to out vote white men. It now becomes a powerful advocate of the grand-father clause since the Democratic party has cooked the Republican goose and it can't help itself. The Democratic party is responsible for the grand-father clause and it will take care of the grand-sons. The Republican party may as well understand that the Democratic party has all along intended that no white man in North Carolina shall lose his vote.

North Carolinians have too much sense in their noggin to be taken in by "a wolf in sheep's clothing." They happen to know the record of the party which made it necessary for a suffrage amendment to save North Carolina from ruin and disgrace.

JUDGE PEEBLES ON LYNCHING

His Honor Judge Robert B. Peebles is another one of North Carolina's judiciary to make a timely utterance against lynching. A correspondent at Charlotte on Wednesday sent out the following dispatch:

"It seems that the Superior Court judges of the State are going to make it hot for lynchers on every occasion hereafter. Strikingly relevant to the point in question was the charge to the grand jury delivered today at the opening of court by Judge Peebles. On this subject the judge said, in part:

"'Included in the crime of murder is that of lynching. The Confederate army of North Carolina was famed for the great number of men she sent to the front, and not a braver body of men ever lived, I believe. But are we to think that violations like lynchings and lawless deeds committed are going to furnish the State with brave men? In lynching there is no bravery or courage. The reputation of the brave troops of the State will suffer when the State depends on men who believe in lynching. But men with property and thinking men will believe in law and rise up and see that an end is made to this.'"

The bench, the pulpit and the press are joining in the movement to affect public sentiment against the danger to society and law which violence by mob threatens. Lynching is a crime against the State and has no part in civilization.

EXPORT TAX ON COTTON.

The Houston (Tex.) Post is moved to say:

"Frankly, the Post does not believe that anybody of representative cotton growers of South Carolina seriously resolved to ask Congress to levy an export tax upon cotton and compensate the prducers by giving them bounties from the treasury. If it be true, the cotton growers of South Carolina need a course of economics in some fourth rate night school. An export tax would inevitably lessen the foreign demand for American cotton, stimulate production elsewhere, and throw upon the American markets a surplus stock that would reduce the domestic price in far greater ratio than any bounty which the producers might hope to obtain from the government, even if Congress should go crazy and levy the export tax."

What an import tax will do to our cotton trade, in the view of the Post, might be said of some other products of this country. There are quite a lot of people who are prepared to believe that the Republican party has taxed our foreign commerce to death.

TWINKLINGS.

—Tillman told the people of Pickens: "You elected me to office because I've got more sense than you have got." Indications are that the people of Pickens are hereafter going to be from Missouri.—Columbia State.

—The people of Raleigh are heartily tired of three systems of telephones and hope the Merchants' Association can find a way to reduce to a single system under public regulation and control as to price and quality of service.—Raleigh News and Observer.

—A judge at large, if that is the proper title for such a personage, is needed in this State. The special terms of courts frequently called and proper attention to other legal business could profitably employ the time of another superior court judge.—Winston Sentinal.

—What do opponents of compulsory education say to these facts; 54,177 native white illiterates in South Carolina; 19,881 more negroes than whites in the schools; average attendance on school sessions, 65 per cent. of whites, 73 per cent. of negroes? Where is your remedy, gentlemen? Where is Ben Tillman's remedy?—Columbia State.

—For the first time in North Carolina a man has been convicted and sentenced to fifteen years imprisonment for taking part in a negro lynching. The finding of George Hall, of Montgomery county, guilty of this crime, is a triumph for law and executive authority, and even more for civilization. It is evidence that Governor Glenn has been sincere in his condemnation of this brutal and anarchistic practice. He ordered three companies of militia into Salisbury, and they did not carry blank cartridges in their belts, either.—Boston Transcript.

—One of the officials of the South & Western Railroad, who was in Charlotte yesterday, reports that 3,500 hands are now employed in the work of construction and that if a sufficient force of laborers can be kept at work, the road will be in operation between Spruce Pine and Marion by the first of next January. The manner in which the work on this road has been prosecuted is a pretty good assurance that the builders of it mean to have it completed and in operation with as litte delay as possible.—Charleston Chronicle.

—People traveling from Europe to America on the last voyage of the steamship St. Paul were said to have expected Mr. and Mrs. Longworth to mingle freely with the passengers and fraternize with them. They were disappointed; the Longworths kept to themselves. When the vessel arrived at the New York bar crowds of people mostly women, rushed down to the dock, to see the President's daughter and her husband land. These people also were disappointed; the Long worths got off at the quarantine station and finished the trip on a yacht. —Savannah News.

—There is progress and development going on in nearly every section of the State. Those sections that do most to advertise their resources and advantages attract most good settlers and the attraction of most capital. The towns and cities that are growing most rapidly are those that do most to let their progress and the chance to succeed there be widely known. Some years ago, Wilmington, our chief city, seemed content to grow slowly. Recently it has grown rapidly. Why? Because it is letting the world know what it has. The land in the country has more than doubled in value in the last year or two because of its adaptation to truck growing. Its business men now purpose to send to the next State Fair an exhibit of the resources of the county. It will be attractive and accelerate the prospeity of the town and city. Wilmington's example is one that business men of other live places could adopt with profit.—Raleigh News and Observer.

DOWNWARD COURSE.

Fast Being Realized by Wilmington People.

A little backache at first.
Daily increasing till the back is lame and weak.
Urinary disorders quickly follow;
Diabetes and finally Bright's disease.
This is the downward course of kidney ills.
Don't take this course. Follow the advice of a Wilmington citizen.

J. A. White, electrician for the Coast Line Railroad at Rocky Mount formerly residing at 206 North Sixth street, says: "I have had great trouble with my back, right across the loins, and when I sat still for awhile I hardly knew how to move and when I did you would think I was seventy-five years old. There were pains all over me and I could not tell where they were to strike me. I used liniments and lots of remedies but nothing did me any permanent good until I procured Doan's Kidney Pills at Bellamy's drug store and used them. They helped me in a very short time and seemed almost to oil up my joints; in fact, I have not had the pains since I used them."

AS WE LIVE WE GROW

In values and in stock. This is the Mid-Summer season but we have lots of new and pretty things to show. We have just placed on sale, about four hundred pieces of Nos. 60, 80 and 100 in plaids and fancy Dresden ribbons; regular price from 15c to 25c per yard, our price 10 per yard special.

We have five hundred new umbrellas, one hundred ladies' and one hundred men's, are made of the best paragon frame with a copper wire rivet, cloth the best cravenette rain proof cloth, with fancy handles; goods that would be cheap at $1.25 or $1.50. Our price for the ladies' is 89c and for the men's $1.00.

We have fifty sample rolls of matting. It is newly imported goods, each roll different from the other and is better goods than the ordinary stock as it is goods that is sent to this country as samples only, and is 25 per cent. cheaper than regular matting.

This matting runs in price 15c, 18c, 20c, and 25c per yard.

We have two rolls of 40-in wide hemp carpet. It is reversible patterns, one side being carpet pattern and one side matting pattern. Goods that is worth 35c per yard and we are showing it for 25c per yard.

In our millinery department we have received a beautiful line of silk hats and braid hats, goods that are up to date and pretty. They come in all shades and different prices from 75c to $2.25 each.

To ladies who wish pretty plumes either full length or 3-4 size, I would like to show them some samples. I have all colors and prices from $1.00 to $6.50 each.

Our flower stock we will sell for 25 per cent. less than first price.

We think the best muslin underwear is sold in the city by us.

We handle nothing but The Royal Underwear and every garment is well made, every seam doubly stitched and our prices are as cheap as any ordinary goods The best place to buy it is where you can get the best goods for the least money and we ask you to look at ours. We have garments for all prices from 25c to $1.00 each. We have them finely trimmed up as high as $3.50 each.

Tailor Made Skirts—As the Fall season is approaching we have secured a big line of ladies' skirts and I feel quite sure that you will find them cheap.

In white or cream mohair skirts we have some special values. We have about three different styles and the skirts were made to sell from $3.50 to $5.00 each; we are offering these skirts from $2.00 to $3.50 each. We also have a nice line of colored skirts from $1.50 to $7.50 each. We bought from a factory a few days ago about 80 skirts which were slightly imperfect at a great reduction and we can sell you these goods at 25 per cent. less than manufacturers' cost. They are all this Fall styles and new goods while the imperfections are oftimes so small that you would not notice them, for instance a $5.00 skirt would be about $3.00 or $3.25. This is a good chance to save money and that is what every one wants.

Boys' Wash Suits to Close Out—I will allow next week 10 per cent. discount on all good that I sell in this line. They were already very cheap but we bought too many for the size of the town and must reduce the stock. I will also offer a discount of 10 per cent. on all mohair, sicilian and serge coats for men. These are all new goods, but we consider it better to lose the 10 per cent. profit than to carry them over.

For your Fall Dress Goods in fine qualities and new styles, we propose to lead the city. The best way to prove it is to examine our line before purchasing elsewhere.

With us it is a problem where to put our Fall stock when it comes in. Our store is already full and for the next few days we will receive hundreds of cases of general merchandise. We buy from large factories and they deliver their Fall goods early and we are in a position to sell you goods this season as cheap as we ever sold them in our lives.

I want to say in relation to your dress goods bill; whether you live in this city or a thousand miles off, and you want the best goods and the prettiest styles, I ask you to give me a showing. All persons wishing dress goods samples will send 5 cents for postage, as we do not care to give the samples indiscriminately as it costs both money and the postage.

We want your Fall business. We give you the best goods for the money and premium stamps with every purchase. Our premium department is a beautiful place. It looks like a fairy corner and think! we give those things away without cost to the purchaser. Ask to see this department. Do your trading with us and get something pretty.

Remember, Geo. O. Gaylord's Department Store,

SPIRITS TURPENTINE

—Barnum & Bailey's circus is to be in Raleigh this Fall. An advance agent was in Raleigh on Wednesday.

—On the railroad trestle, near Lexington on Wednesday a train ran over William Wilson, a Southern railway negro employe, killing him instantly.

—Lumberton Robesonian: "Mr. C. W. Sessoms, who lives at Smith's Bridge, killed a rattlesnake that was five feet long and had 15 rattles. His fangs were about the size of a cat's claws.

—Senator F. M. Simmons left Raleigh on Wednesday on a business trip to Washington, D. C. He says that at a very early date the Democratic Hand Book will be issued.

—Mr. Battle Bryan, for many years sheriff of Edgecombe county, is dead —aged 72. "He was always faithful as an official," says the Tarboro Southerner, and "he had a genial soul and a kind heart."

—The Erwin mills at Durham, Duke and elsewhere will soon manufacture all the cotton grown in a dozen counties. The Cooleemee mills have been purchased by the Erwin mills, giving them another big plant.

—Raleigh News and Observer, Aug. 16: Mr. W. W. Newman, who returned yesterday from a visit to eastern North Carolina, says that in many of the eastern counties the crops are in a deplorable condition because of the constant and heavy rains.

—The daughter of Mr. Thomas Coffey, who lives one mile from Blowing Rock, was struck by lightning and killed in bed at 1 o'clock Wednesday morning. Her sister, who was sleeping in the same room, was severely shocked and will probably die.

—Pender Chronicle: Don't forget to vote at the primary for the $1,000 appropriation for the Confederate monu—ment, to be erected on the Court House Square in Burgaw. The Primaries are set for Sept. 8th, the Saturday preceding court week.

—At the Democratic County convention in Edgecombe resolutions were adopted pledging loyal and unwavering support to Senator Simmons and Congressman Kitchin.

—The Summer season in Western North Carolina is now at its height. Asheville and other nearby towns are fielled with visitors from the South while on Thursday the "mountain excursion" from Charleston and other cities in the South added a thousand more people to the visitor-population of that section.

—Raleigh News and Observer, Aug. 16: Governor Glenn is in Winston today. He left the encampment of the North Carolina National Guard at Morehead City yesterday afternoon and passed through here in the sleeper on his way to Winston. Col. J. L. Ludlow, of Winston, was on his way to Winston also having left Camp Glenn with the Governor.

—Ex-Congressman W. A. Branch, of Beaufort county, had a serious stroke of paralysis a few days ago. He was at a primary meeting at Blount's Creek and had made a speech when his whole left side was affected, as was also his voice. The attack was so severe that he was taken to a near by home and was cared for there. The attack is a serious one.

—Wilson special, Aug. 16: While sawing head blocks for tobacco hogshead at the factory of Mr. S. W. Venable, Andrew Shavers, colored, this morning severed all the fingers of his left hand until they hung by shreds of skin. He was taken to the operating room of Dr. Ben Herring. The fingers were put back and those who did not know would think the hand had never been through a cut-off saw.

—The government engineers who heard argument last week at Edenton on the application of the Norfolk and Southern Railroad for permisison to construct a bridge across Pamlico Sound at Mackey's Ferry, have decided adversely to the petitioners. It is understood that the railroad company will select another locality for the proposed bridge and make another application.

—Wilson correspondence, Aug. 15: News comes from Old Fields of a shooting which occurred there on Saturday night which may prove fatal. It seems that Bud Wilson, who resides on the farm of Joe Bissett, shot Bissett for the latter's attentions to his wife, plugging him with some slugs form a shot gun, and upon Bissett's refusal to leave, fired a load into his bosom.

—Spencer special, Aug. 15: J. M. Loman, of this place, fired on a burglar who attempted to enter his home late last night and today a wounded negro is reported having been found in a colored settlement a mile from town. The burglar attempted to affect an entrance at the front door and Mr. Loman fired through the front door, but later failed to find his man, who had fled. The result of the injuries cannot yet be determined.

—A storm which the oldest residents pronounce to be the worst in years visited Elizabeth City Tuesday evening. The rain came down in a regular torrent and the city and county were flooded. At many points in the county bridges were carried away. A rather rough time was experienced on the Sound. All telegraph wires were down and for more than twelve hours communication with the outside world was cut off.

—Winston-Salem special, Aug. 15: The Colored State Firemen's tournament opened here today. The first contest was a hook and ladder race. The Winston and Rocky Mount companies tied, their time being 28 1-2 seconds. They will race again tomorrow. Winston won in the grab reel contest. A Winston negro also carried off first honors and money in the foot race. The parade given by the State Association today was over a mile long.

—Elizabeth City special, Aug. 16: The report sent out from this town that the Southern Railway was after the Norfolk and Southern has brought forth a flood of denials. The authorities at Raleigh have given to the press the positive statement that there is absolutely nothing in the report. Nevertheless many of the people here still seem to give credit to the rumor which was started by the recent trip which Colonel Andrews took over a part of the line of the Norfolk and Southern.

—It is learned from the Fayetteville Observer that a franchise for a street railway system in Fayetteville has been granted to W. E. Kindley, J. H. Anderson, J. F. Harrison and W. D. McNeill. Rails have been ordered and the grantees declare their purpose to begin laying track within sixty days. A line from the coast Line depot through the centre of the city to the Holt Morgan Village will be built first and is expected to be in operation within a few months. The promoters of the enterprise and the citizens of Fayetteville have the utmost confidence in he scheme.

—Maxton Scottish Chief: The County Cotton Growers Association held its meeting and picnic in Adfordsville Township Saturday. About five hundred people were present. Besides an elegant dinner which the good ladies of that community had prepared, there were speeches of a high order by Messrs. Livermore, A. J. McKinnon, J. E. Carlyle and Col. McRae. The speakers urged the farmers to stand together, oppose organization with organization. The cotton consumers are organied, and if farmers are ever to get a fair remuneration for their cotton, they must do it by standing together.

—Greensboro special, Aug. 15: Chief of Police Neeley received a 'phone message from Thomas Duncan, of High Point, this morning, notifying him to watch incoming trains and the register of deeds' office for his seventeen-year-old daughter, Tiney, who eloped last night with Peter Durham, aged thirty. The father also alleges that his daughter has been "over-persuaded" by Durham to marry him, and she is not old enough to marry, without parents' censent, which he says will never be given. He wishes the arrest of both parties if they can be found. Officers have not been able to locate them here.

—Salisbury special, Aug. 16: Postmaster James H. Ramsey, of Salisbury, was today advised by the first assistant Postmaster General at Washington, that the postal cards forwarded to the Postoffice Department illustrating the lynching of the Gillespie negroes here last week are unmailable. The postmaster was instructed to withdraw all such cards presented at the office here and send them to Washington. A large quantity of the cards have been mailed bearing a gruesome photograph of the lynching the bodies of the three negroes being half nude.

—Raleigh News and Observer, Aug. 16: Mr. B. H. Woodell, Grand Secretary of the Odd Felolws of North Carolina, left yesterday afternoon on an official visit to Odd Fellows' lodges in Western North Carolina. He will go as far west as Cherokee county before returning. Mr. Woodell says that fifteen new lodges have been organized this year and that there are three or four applications pending for new lodges. The membership is increasing, too, in the old lodges, and the order is in a flourishing condition. The new Grand Master, Mr. Thomas M. Stephens, of Durham, will shortly visit a number of the lodges.

—Asheville special, Aug. 16: The joint campaign between J. J. Britt, the Republican nominee for Congress from the Tenth District, and W. T. Crawford, the Democratic nominee will probably open early next month. Mr. Crawford has submitted to Mr. Britt a list of five appointments, commencing at Robbinsville on Monday, September 3. Mr. Britt said this morning that owing to a previous engagement at Rutherfordton on that date a change would have to be made in the date for the opening of the campaign, and that he had written Mr. Crawford to this effect. Mr. Britt and Mr. Crawford will meet Monday for a conference relative to dates for the joint campaign.

—A dispatch from Washington, D. C., on Wednesday says: Souvenir post cards of lynching scenes cannot be sent through the mails, such being the decision of Acting Postmaster General Hitchcock, who had the subjest brought to his attention by Postmaster Ramsey, of Salisbury, where post cards portraying the dangling bodies of the negroes recently lynched there, were placed in the local office. The action of the local postmaster in holding the cards until the subject could be investigated is highly commended by postoffice officials here. The justification of the order is that the pictures are of such a gruesome character that they should not be circulated through the mails. Heretofore the only ban placed on postal cards has been against those of the obscene and suggestive variety.

—Concord special, August 15: Engineers laying off a line for he transmissoln of power for Concord from the Catawba Power Plant are within a few miles of Concord. Engineer Lee, with eleven men, is within four miles of Concord, selecting a route by which power will be brought into the city for the purpose of operating machinery, car lines, etc. The survey direct from Charlotte, across the country to Concord will be only 17 miles from the power house in Charlotte to the point of driving machinery for Concord mills. Definite plans and route are not to be had, but engineers will soon be here. Power will not be long coming. Following the line bringing power to Concord cars will almost certainly be on the streets. This will mean an increased amount of power for Concord and vicinity. with the developments at Whitney in operation, situated between these two powers, Concord is destined to be a central point in the most rapidly developing section of the entire South. Cars are not far in the future.

—Pender Chronicle: It may not be generally known that Pender county has one of the prettiest and best beach fronts along the Atlantic coast, but there is such a Topsail Sound, about two miles from Scott's Hill and the Atlantic Coast Line road. It is even longer, wider and higher than Wrightsville Beach. On the sound side is a strip of well wooded land, on which grow many massive water oaks, while on the ocean side is a stretch of as beautiful beach as was ever washed by the waters of the great ocean. It lies as nature has left it for uncounted ages; its beauty unrecognized and undeveloped. Only the people who live near it, have seen its many advantages and enjoyed its surf. But some day; we opine, its solitude, now broken only by the boom of the waves and the occasional footsteps of the natives, will ring with the voice of myriads on pleasure bent, and the clatter of the wheels of swift moving trolly cars. It awaits the coming of the mind and money of developmen., and then, if these find it, it will be thescene of gay Summer life to the young and of rest to the aged.

Testimonial No. 844.

MISS DOROTHY CLARK,
2130 Grenshaw St., Chicago.

Put the scalp in an active and normal condition, and the hair will take care of itself every time. The scalp is the soil in which the hair grows. It, alone, governs the growth of the hair, and it must be kept fresh and healthy to insure a good crop of hair. The hair is a product of the scalp, and all the treatments in Christendom will do no good, unless they are specifically efficacious in the cure of the diseases peculiar to the scalp. An Unprofitable Game

[Original.]

It was in the good old days on the Mississippi. The steamboat rounded in and tied up beside a woodpile, the clerk danced over the gangplank with a measuring rod and, jumping nimbly on the pile, proceeded to satisfy himself of the number of cords. Then the deck hands thronged and began carrying the fuel aboard the boat.

Meanwhile a countryman, with a green umbrella under his arm and a carpetbag in one hand, went aboard and was standing before the captain's office when the clerk came and threw up the office window. Several gamblers who had been sitting on the guards came in to take another look at the greenhorn with a view to determining if he had enough money about him to warrant an onslaught in the shape of a small game.

"How much to Natchez?" asked the countryman.

"Ten dollars."

"All right. Give me the key."

"With stateroom it is twelve."

"Twelve? By cracky. Charge extry fo' room? Got a good lock on it? Waal, I reckon I'll hev to pay. Can't set up all night. Besides, I couldn't keep track o' my bag. Know anything 'bout the banks in Natchez? Sold my farm yisterday. Want a safe place to keep the dollars."

Meanwhile he had paid his fare, taken his key and, turning around, looked somewhat astonished to see that he was the center of attraction.

"Want a bank to open an account in in Natchez?" asked one of the gamblers.

"No."

"I thought I heard you say you did."

"I want a bank to take keer o' my money till I want it."

"Oh, that's it? Well, the president of the strongest bank in the Natchez is aboard. I'll introduce you to him."

The gambler beckoned to a gentlemanly looking person reading a newspaper, who came up, was introduced and offered to take charge of the countryman's funds when they reached Natchez. This led to a pleasant conversation, but it lagged at last, and in order to kill time a game of cards was proposed. The bank president said he must be counted out unless the game was simply "for fun," but they finally induced him to play euchre—the only game the countryman knew—for a quarter a corner.

Of course they soon tired of this and proposed a game with more excitement in it. Poker seemed to be the favorite, but the countryman didn't know poker. They offered to explain it to him and played three or four hands to show him the game. Then they started in for a ten cent ante with a fifty cent limit. Of course the countryman won and became very hilarious.

"Gol darn my stockin's!" he exclaimed. "Who'd 'a' thought I could 'a' licked you fellers at a game I didn't know nothin' about? Pair o' jacks this time. What! Don't jacks beat queens? I forgot that. Deal 'em ag'in."

The limit had been raised, and he had won $500 when the tables were cleared for supper. He carried his winnings away to his stateroom in triumph, hardly able to wait till supper was over to recommence the game.

"Reckon I'll hev a heap mo' fo' you' bank," he said to the president, "when I git to Natchez. What a game poker is, by gum!"

It had been arranged to commence operations on the other side after supper, and the gamblers, instead of letting the greenhorn win, slowly drew back $100 of what they had lost. Whereupon the eager expression on the loser's face vanished, and he reckoned he wouldn't play any more. He said he had calculated on adding $1,000 to the money he had for the bank, but he didn't intend to lose what he'd made.

"One more hand," said one of the gamblers, and, the countryman consenting, they let him win a jack pot with $150 in it. This changed his mind about stopping, and they passed the word to let him win within $50 of his $1,000. This kept him interested, and when the next hand after he had won the sum they had agreed on came round they got up a jack pot with $2,500 in it. The countryman bet $500 more. The bank president raised him $1,000. That set him wild, and, going to his stateroom, he brought forth his carpetbag, took out a package of crisp bills to the amount of $5,000 and slapped it on the table. The others came in, making in all about $18,000 in the pot. The first man to show down had a full of tens, the second four kings and an ace, while, wonderful to relate, the countryman showed four aces and a king.

"You rascal!" thundered the bank president.

"What d'y' mean?" replied the countryman, drawing a bowie knife from the back of his neck.

"There are only four aces and four kings in any pack of cards."

"I don't know nothin' about keerds," replied the countryman. "They may be six aces fo' all I know."

One of the gamblers attempted to seize the pot, but the countryman brought the point of his knife down within a hairbreadth of his fingers. The gamblers, seeing their game was up, proposed that each man take back what he had bet. The countryman assented provided they would permit him to count out each man's share, and the money was divided. The game was ended.

That night the boat stopped again to wood, and the countryman went ashore. When the gamblers came to examine their funds the next day they found their man had been playing with counterfeit money and had succeeded in exchanging some $5,000 of it for their good bills. A. L. BUTLER.

LOCAL DOTS.

—The steamer Sea Gate on her way up from Southport yesterday morning had an accident and the Compton went down to bring her up on schedule.

—The Clyde Liner Carib arrived yesterday from her Georgetown trip. It is learned that the Carib will have quite a large passenger list for her sailing Saturday for New York.

—Capt. W. A. Sanders, of the Wilmington, Southport and Little River Transportation Company, has gone to Brunswick, Ga., to inspect the overhauling of the tug Alexander Jones, which is now about completed.

—Yesterday's Fayetteville Observer has the following of interest to a number of friends here: "Capt. W. H. Flowers, who for fifteen years and more was chief of police of Fayetteville, which position he occupied up to recently, has been elected chief of police of Rowland, N. C., and left this afternoon to accept the position at a good salary. He had under consideration at the same time a similar offer from Dillon."

I. O. O. F. CHILDREN.

Spent a Day at the Beach—Entertainment This Evening.

The children from the I. O. O. F. Home at Goldsboro spent a pleasant day at Wrightsville Beach yesterday after coming up from Southport where they spent a couple of days as the guests of members of Atlantic Lodge, of that city. The little folks were taken immediately to the beach upon their arrival and had a delightful outing as guests of Manager Jos. H. Hinton, of the Seashore Hotel. The party returned to the city on an evening car and last night they spent quietly at the homes of hospitable Odd Fellows in the city where they are being entertained while in the city.

To-night in Odd Fellows' Hall, on Third and Princess streets, the children will be guests of honor at a delightful entertainment provided for them by the Daughters of Rebekah. There will be an interesting programme and refreshments will be served. An admission of 15 cents will be charged but all who will attend will find themselves amply reimbursed for the small expenditure.

Inland Water Way Evangelist.

Mr. Edward B. Taylor, of Columbia, S. C., was in the city yesterday and gave the Star a pleasant call. He is deeply interested in the proposed inland waterway and is one of the most enthusiastic advocates of that great enterprise. He states that Congressman Small, of the First North Carolina District and himself are working up interest in an inter-State meeting to be held in September to keep alive the interest in the importance of an inland waterway for shipping from Norfolk to Florida.

Assistant Express Agent Here.

Mr. J. R. Wofford, formerly Southern Express agent at Florence, S. C., has been transferred to Wilmington and made assistant agent to Capt. J. R. Williams, of this city. Mr. Wofford has been in the service a number of years and is a gentleman of fine ability and engaging personality. He is cordially welcomed to Wilmington.

United States Geological Survey.

Mr. Horatio N. Parker, of the United States Geological Survey at Washington, D. C., spent yesterday in the city. It is understood that the object of his visit was to look into the probable location of a geological station on the Cape Fear river at some point near Wilmington.

South Carolina Excursion.

An excursion of about 600 people reached the city yesterday from Florence and Darlington, S. C. The visitors spent the day at the beach and in the city, returning last night at 8 o'clock.

BOARD OF ALDERMEN WILL NOT BREAK FAITH

(Continued From First Page.)

as any contract the city ever made. He made a personal appeal to the Board to stand by its action and protect the good faith of the city.

Building Inspector Bonitz was asked to make a statement in regard to whether the company had complied with the State law in regard to the construction. Mr. Bonitz explained that the company had not received a permit from his office, but seeing the notice of the proposed tank in the newspapers, he had taken the matter up with the State Fire Insurance Commissioner, who instructed him to see that the law is carried out in every respect. Mr. Barksdale explained that there was no purpose to evade the law and that the tank would be made to conform in every way with the State law. Mr. Bonitz stated that if the Board permitted the tank to be completed on the lot on which it is now located, he would see that the law was complied with in every respect; that he knew that fuel oil was not in the same class with kereosene, but even around the latter all proper safeguards should be thrown.

Mr. Bellamy in reply to Mr. Carr said that the pipe-line permit did not ratify the former agreement, if there was any agreement. As to the implied threat of the attorneys to bring suit individually against the Aldermen, he would volunteer his services to defend any suits that were brought against them in this regard. This sally of the counsel brought forth applause among the spectators. He then exploded a bomb shell in the midst of the other side by reading the application of the Standard Oil Company which stated that the tank would be used for the storage of "petroleum products." Mr. Bellamy said "petroleum products" might be anything from fuel oil to naphtha and gasolene. Attorneys for the other side were quickly on their feet and agreed to strike out the words "petroleum products" and insert in lieu thereof "kerosene oil."

Mr. W. H. Yopp then moved the adoption of the ordinance as proposed by Mr. Bellamy, revoking the permit. Mr. W. E. Yopp seconded the resolution, which was read as follows:

"Resolved: That the erection of a stand-pipe for the storage of petroleum products of the size of the present stand-pipe now in course of construction in Block 262 of the city is a menace to the safety of property and person in that immediate vicinity and the use for that purpose will be dangerous to public property and the persons of the citizens of this city, and, therefore, it is resolved that the further construction of the same is hereby prohibited and any and all authority for said erection and use of the same for such reasons is hereby withdrawn."

Alderman Moore speaking to the resolution, said that he was in the hospital when this action was taken, but he would shoulder his responsibility as a member of the Board with the rest. The Board had blundered miserably; the Fire Commission had proven themselves incompetent and have not done their duty, but he for one would not shirk. He was in favor of acting honorably and sticking by the action formerly taken.

Alderman J. O. Brown was quick on his feet and quicker in expressing himself open and above board. When people get in a tight place they like to sneak out the best way they can; he felt that way himself sometimes, but he was plain Jim Brown and his word was his bond. He could not go back on an obligation shouldered with the rest of the Board when they granted that permit. He didn't like this hill business himself but he had a duty to perform to himself. Bringing his fist down on the table around which the council sat, he exclaimed to his colleagues: "Be a man of your word or let's get out!" A wave of applause swept the room among the spectators.

Mr. Johnson read his reasons for voting to abide the former action, placing the responsibility on the Fire Commission, which he charged with gross dereliction of duty. The names of the Commission were called: Mayor Waddell, Fire Chief Schnibben and Police Chief Williams They were all paid good salaries to attend to these duties and the Mayor was a lawyer and should have been informed as to the law. Mr. O'Brien interrupted to say that he thought the attack on the Mayor in his absence was uncalled for. Mr. Johnson proceeded to read his position on the question saying that the Board of Aldermen had been put in a hole by the Commission, but he was willing to shoulder the responsibility and sustain the former action, after making this statement. Mr. Johnson moved that the whole matter be referred to the Fire Committee with instruction to confer with the Building Inspector and report to another meeting of the Board. The Board had referred this matter to the Fire Commission and it was supposed that they would do their duty. They had not done so and the easiest way out of a difficulty was the best.

Mr. King said if he voted for the permit, he was responsible for what he did. The Board of Aldermen had done its duty in the matter by referring the question to the Fire Commission, which had not done its duty. He favored sending a man to Northern cities to see what were the proper safeguards for such tanks and compel the Standard Oil Company to put them here. Mr. Brown, in behalf of Fire Chief Schnibben and Police Chief Williams, asked that they as members of the Fire Commisison be given opportunities of explaining their action. Chief Schnibben explained that he had gone over the situation once and that when the second application came in, he was so convinced that the proposed tank was of the southeast corner that he deemed the southeast corner tha he deemed a furher inspection of the premises unnecessary. Chief Williams had never visited the premises but he heard the situation explained by the Fire Chief and as he was so much better posted on such matters than he was, that he accepted Chief Schnibben's recommendation and signed the permit from the Fire Commission.

Mr. Johnson, upon the question being called on Mr. Yopp's resolution to revoke the permit, moved as a substitute, that the ordinance lay over until a subsequent meeting, the company to stop work on the tank in the meantime. The motion was seconded by Mr. Rathjen, but was lost in a vote of three to five Messrs. Johnson, Rathjen and King voting in the affirmative. The resolution of Mr. Yopp was then offered to revoke the permit. The motion was lost, Messrs. Moore, Brown, Rathjen, King and Price voting in the negative. Then Mr. W. E. Yopp made a motion to reconsider and take up Alderman Johnson's motion again to refer to the Fire Committee and Building Inspector for report to the Board, work to be stopped in the meantime This motion to reconsider resulted in a tie vote of four to four and the chair cast off the tie to settle the matter at the meeting then in session. Mr. Brown then made a motion that the Standard Oil Company be permitted to go on with its work at the present location, throwing all the necessary safeguards around the property and agreeing to store only refined oils in the tank. The motion was seconded by Mr. King and was carried by a vote of five to two, Messrs. Brown, Moore, Rathjen, King and Price voting in the affirmative, Alderman Johnson not voting and Messrs. W. H. and W. E. Yopp voting in the negative. The result of the long drawn out fight was greeted with cheers from the spectators other than the interested property owners, most of whom were inside the railing.

The Board then adjourned and there were open threats among the property owners and their counsel to sue out an injunction against the Standard Oil Company, restraining them from further work on the reservoir. What will be done will be decided upon today. In the meantime Building Inspector Bonitz will doubtless hold up the work to-day until the plans and specifications for the tank are submitted to his office and a permit granted under the State Fire Waste Law.

The meeting yesterday afternoon was highly interesting for all except the Aldermen, who betrayed no little embarrassment over the situation. It is needless to say that all applications for permits in the future will be viewed with suspicion by this Board at least and that the power of reference with power to act to Commissions and Committees will be exercised only in occasional instances.

ASSAULTED A CONDUCTOR.

Bad Negro on Trolley Car Chased By Officers and Citizens.

George Brown, a bad negro who works at one of the fertilizer factories up the river, created some excitement on an eastbound trolley car on Princess treet, near Fourth, last night about 7:30 o'clock The negro had some words with Conductor O. K. Newton about his fare and when the latter reprimanded him for his conduct on the car he was struck by Brown. The car was rung to a stop at Fifth street and the negro made a dash to run. The conductor, motorman and several citizens jumped off the car and gave pursuit, taking the negro in custody about half way up the block. He was escorted back to the police station at Third and Princess streets and was locked up for a hearing before Mayor Pro Tem. O'Brien to-day at noon.

FOR THE LITTLE ONES.

How to Perform the Penetrative Quarter Trick.

To perform this trick you must have a handkerchief with a quarter sewed up in one corner of it. Take your handkerchief out of your pocket and ask some person in the company to lend you a quarter, which you must seem carefully to wrap up in the handkerchief, but at the same time keep the quarter in the palm of your hand, and in its stead wrap the corner in which the coin is sewed into the middle of the handkerchief and bid the person who loaned you the coin to feel that his money is there. Lay the handkerchief under a hat upon the table, take a glass or teacup in the hand that holds the quarter, place it under the table, under which knock three times, saying: "Presto! Come quickly!" Then let the quarter drop from your hand into the glass. Take the handkerchief by the corner that holds the sewed in coin and shake it, and, the coin not being there, it will appear to have passed through the table into the glass or teacup.

Two Laymen Have Been Popes.

The canon law does not prescribe that the pope must be a cardinal or even a cleric. Nevertheless since the election of Urban VI. in 1378 the successful candidates have belonged to the members of the sacred college, although as late as 1758 a noncardinal was voted for several times. At least two laymen—John XIX. (1024) and Adrian V. (1276)—have occupied the papal throne, and there is today nothing to prevent laymen from being created cardinals, although they are not entitled to vote in the conclave unless they can produce a special permit from the late pope.

Beef and Brawn.

It is said of Kean, the actor, that he ate mutton before playing the part of lover, beef before playing that of murderer and pork before assuming the character of a tyrant. That may be merely a story or a fact, but it is a well known truth that beef will enable more exhausting muscular work to be done than will mutton, so there may be something in the "roast beef of old England." In the eighteenth century this was one of the English "gods."

His Motive.

Critic—I have seen many a red cow on green grass, but this is the first time I ever saw a green cow on red grass. Is it an impressionistic departure? Irish Painter—Not at all; it's a patriotic impulse—I wanted to keep the green above the red.—Exchange.

A LITTLE NONSENSE.

How He Knew When He Had Enough Eaten.

William Henry B., Jr., aged seven, has an inordinate appetite for buckwheat cakes and maple sirup. At breakfast the other day his grandfather watched him with amazement, counting the cakes as they disappeared.

"Junior," he asked, "have you ever in all your life felt that you had all the buckwheat cakes you could get away with?"

"Yes, sir," replied Junior. "Lots of times I've felt that I had enough."

"How do you know when you've had enough?"

"Oh, I just keep on eating till I get a pain, and then I eat one more to make sure."—Lippincott's Magazine.

FIFTEEN KILLED BY EXPLOSION

Twelve Men Killed by Dynamite and Three Others Lost Lives in Second Accident—Number Wounded Including American.

By Wire to The Morning Star.

El Paso, Aug. 16.—A special to the Herald from Chihuhua, Mex., contains the following account of the dynamite explosion there yesterday:

Two cars of dynamite were blown to atoms a mile south of the Chihuhua station, on the Mexican Central Railroad. Two women, two children and eight men, all Mexicans, were killed. A. L. Lewis, an American, employed by the Robinson Mining Company was injured. Several steel cars and all buildings near the explosion were annihilated. This explosion caused another explosion in the Andres Cobilite factory two blocks away. In the plosion of this factory three persons were blown to peices and 30 others were wounded. The factory was wrecked. The shocks were felt over the entire country. Windows were cracked and plaster was loosened in many places.

LONGWORTH MADE SECRETARY.

International Policyholders Choose President's Son-in-law.

(By Wire to The Morning Star.)

New York, Aug. 16.—Representative Nicholas Longworth, of Cincinnati, to-day was elected secretary of the International Policyholders' Committee of the New York and Mutual Life Insurance Companies, to succeed Seymour, of Eaton, who recently resigned. This action was taken at a meeting of the executive committee at which Mr. Longworth was present, the others in attendance being Judge Alton B. Ba ker, Governor Roberts, of Connecticut, J. C. Hemphill, of South Carolina; Col. Shook, of Nashville, Tenn.; Harlow N. Higginbotham, of Chicago, and Samuel Utermeyer, general counsel. A clerk will be employed to perform the current duties in connection with the secretary's office, as Mr. Longworth is leaving for his home in Ohio in a few days to look after his political interests.

CAPTAIN McNEILL REELECTED.

Again Chosen President of National Firemen's Association.

(By Wire to The Morning Star.)

Roanoke, Va., Aug. 16.—The principal interest of the last session of the National Firemen's Convention to-day was centered in the discussion of the topic "Securing legislation for firemen in Illinois," by Charles C. Chain, of Bushnell, Ill. The discussion was entered into by a number of the delegates.

The convention adjourned sine die after selecting Oklahoma City as the place for holding the next meeting and re-electing James D. McNeill, of Fayetteville, N. C., president, and electing Charles C. Chain, of Bushnell, Ill., vice-president; W. C. Beamer, of Nebraska, secretary, and L. E. Lookabil, of Roanoke, corresponding secretary.

MURDER BY CONVICTS.

Cut Guard's Throat and Escaped to Swamp Near Charleston.

(By Wire to The Morning Star.)

Charleston, S. C., Feigning illess, three negroes, Alonzo Goodwin, Hammon Wilson and George Kerny, convicts serving long terms on the chain gang of the Sanitary and Drainage Commission at work near Ashley Junction, stopped in the stockade today and at 2 o'clock having asked for water, seized and overpowered H. C. Stello, the white guard, and cut his throat with a butcher knife, killing him. Two "trusties" were locked in by the men who ransacked the guard's rooms, donned civialin clothes and escaped to the nearby swamp. The man, contrary to rules were not chained in the stockade. The trusties broke out and spread the alarm. A sheriff's posse is scouring the woods with blodhounds.

MOB VIOLENCE IN NEW JERSEY

Men Attempted to Tear Down $100,000 Iron Mill.

Norristown, N. J., Aug. 16.—Having overpowered the watchman, Charles Riely, at the point of a pistol, a score of men last night attempted to wreck he new $100,000 iron mill which is being erected by the Longmead Iron Company in Conshohocken, near here. That the mill was not pulled down is due probably to the inexperience of the men in running a hoisting engine. The damage wrought will be several thousand dollars.

The wreckers set the boiler house afire. The flames attracted the attention of a workman at the adjoining mill of the Longmead Company. Thinking his house was afire he gave an alarm and workmen started to put out the flames. Then they discovered what was being done and put the wreckers to flight.

The identity of the wreckers is not known.

Dr. A. S. Priddy, Member Virginia State Board of Medical Examiners, etc., writes;

"I take great pleasure in testifying to the value of the waters of the Mecklenburg Mineral Springs—both the Lithia and the Chloride of Calcium. The Lithia water I have used frequently in uric acid and lithalmic conditions, and have obtained marked and prompt benefit when other mineral waters have failed. The Chloride of Calcium holds a place unrivalled by any mineral water of this country or of Europe, in the treatment of Rachitic or Scrofulous conditions of children, which manifest themselves in glandular enlargements, in joints or bone inflamation, or in eruptive skin disease. eRally, I consider it Nature's antitoxic in checking the progress of disease of the kinds mentioned.

I know it to be a bone producer from a case under my notice, in which the greater part of the tibia had been excised, and which was complicated with inflamation of both elbow joints. The use of the Chloride of Calcium locally after the operation, and for a few week's course of the water internally, cause a perfect cure.

Having spent some time as resident physician at two of the most popular springs in the South, and having lived near Chase City all my life, I think I may be allowed with some confidence to express the opinion which I have that the location of a modern sanatorium at Chase City would win greater success than at any place with which I am acquainted in the South, I am, Yours truly,

SOUTH CAROLINA DISPENSARY.

Hereafter Institution Will Blend Its Own Whiskies.

(By Wire to The Morning Star.)

Columbia, S. C., Aug. 16.—The board of directors of the South Carolina State Dispensary to-day adopted a resolution whereby the institution will blend its own whiskies in the future. This is regarded as an important step and means a curtailment in the purchase of case goods from the various whiskey houses. The institution will buy its whiskies in bulk from bonded warehouses and blend and bottle them in the State Dispensary. It was decided to make the resolution effective as soon as the necessary notice can be inserted in the advertisement for bids.

Richard Not Himself.

Tom Keene was once playing in a theater in one of the larger cities, and, as every one knew then, Keene used a rubber bag inflated with air to form a hump when playing Richard III. On the night in question as he stepped forth from the wings a supe plunged a penknife into the bag, and in an instant the air escaped. Keene went on the stage as straight as an Indian. He screwed his face up in every imaginable grimace, but without avail, and the audience gave him the laugh. Finally he was on to the trick, and after substituting a peach basket for a hump he went on with the play, but the supe did not get out of bed for nearly a week.

Two Mistakes.

An Irish merchant who had more money in his pocket than his appearance denoted took a seat in a first class carriage. A dandy fellow passenger was much annoyed at Pat's presence and, missing his handkerchief, taxed him with having picked his pocket. After recovering his handkerchief, which he had put in his hat, he made a lame apology, but Pat stopped him with this remark:

"Make yourself easy, darlint. Don't bother about the matter. You took me for a thafe. I took you for a gentleman. We were both of us mistaken, that's all, me honey."

Still Ahead in Low Prices

Our regular prices are much cheaper than any special prices yet advertised. Our goods are NEW. The following shows how and why we do and can undersell.

Discount on account of large purchases, average, 10 pr. ct
Discount for cash (we pay cash), average 10 pr. ct
Savings of freight on car shipment, average 5 pr. ct
Total, 25 pr. ct

As you see, we can sell goods at a profit of 25 per cent. and at the same time sell them for just what they would cost us if we bought in small quantities, paid local freight and bought on time. We do not try to make 25 per cent.

Our claim is corroborated by the number of prudent purchasers we send. For June the 1st to the present, we have sold $4,540.21 worth of goods, received more than $3,300.00 in cash. Our books are open for inspection of any doubters. When in need of furniture come to headquarters.

DOING BUSINESS IS DEFINED

Attorney General Says A Corporation of Another State Conducting Any Branch of Its Business in North Carolina Must Domesticate.

(Raleigh News and Observer, Aug. 17)

Attorney General Gilmer yesterday furnished to the Secretary of State an opinion which will be of interest to many corporations which are in one or another way interested in business in this State.

The opinion was called for by reason of the question of the necessity for domestication by Pret. Neils and McCormick, furniture manufacturers of Philadelphia. This foreign corporation owns North Carolina timber lands in the vicinity of Garysburg and there maintains a saw mill at which is prepared lumber cut from its land for shipment to Philadelphia for use in the manufacture of furniture. The question was whether the fact of owning the North Carolina land and procuring therefrom material for a manufacturing business in another State was "doing business" in North Carolina within the meaning of section 1194 of the Revisal providing for the filing of the certificate of its charter or articles of agreement by every foreign corporation doing business in the State and the payment of a fee therefor graded according to the amount of capital stock of such corporation.

The Attorney General decided that the ownership of the timber land, the cutting of timber, and the preparation of the same at the saw mill for shipment constituted the transaction of business contemplated by the act and rendered it necessary for the company to domesticate or become liable to the penalties prescribed by statute for a failure to do so.

This is the third corporation which has been moved to take an interest in the domestication act of the State relative to foreign corporations since the surprise involved in the charter of the new Blackwell's Durham Tobacco Company, by reason of the company of the same name controlled by the American Tobacco Company and chartered in New Jersey having failed to file a certificate of its charter or articles of agreement. The New Jersey Blackwell's Durham Tobacco Company vainly tried to domesticate after the event and the R. J. Reynolds Company, also a New Jersey corporation with factories at Winston, thought better to be on the safe side quickly after the very serious question had been raised by the action of the Durham parties in the case of the Blackwell's Company.

DIVORCED COUPLE MARRIES AGAIN

Noted Indiana Attorney, Former Partner of Senator Beveridge Leads Woman to Altar Second Time—Separated 19 Years Ago.

Chicago, August 15.—Albert W. Wishard, one of the most prominent lawyers in Indiana and former law partner of Senator Albert J. Beveridge was married in the Hotel Stratford yesterday to Miss Carrie Wallace, of Hopkinsville, Ky., to whom he was married and from whom he was divorced nineteen years ago.

The divorce of 1887 was granted because of incompatibility of temper. Young Mrs. Wishard, who was still a bride, went to Hopkinsville. There she has lived since with her mother, Mrs. R. H. DeTreville.

Her divorced husband went to Indianapolis. He prospered in the practice of law. He became State Senator, then United States District Attorney and then one of the most valuable men in he department of justice at Washington. Lately he made large fees in litigation which he conducted on behalf of the Indiana National Guard against the Federal government.

He and the woman to whom he had been married saw each other seldom. There was no thought of a reconciliation until last September. In that month they become re-engaged.

Friday the former Mrs. Wishard, who for nineteen years had used her maiden name of Wallace, arrived at the Stratford with her mother. On the same day Wishard arrived in Chicago and went to the Grand Pacific Hotel.

Yesterday he took his former wife driving, while his former mother-in-law beamed blessings upon the reunited pair.

After the drive the Rev. Thomas B. Jones called at the Stratford. Wishard and his fiancee and her mother were in waiting. The bride wore a traveling dress, Wishard a business suit.

The ceremony over, the bridal couple boarded a steamer for Minneapolis by way of Mackinac island.

After a wedding journey of several weeks they will begin housekeeping anew in Indianapolis. In their new home they will place some of the household goods which they shared in common nineteen years ago.

KEEP YOUR HEAD UNCOVERED.

The Constant Wearing of a Hat Propegates Dandruff Germs.

There are many men who wear their hats practically all the time when awake, and are blessed with a heavy shock of hair; yet if the scalps of these same men once became infested with dandruff germs, the parasites would multiply all the quicker for lack of air. Baldness would ensue as the final result. Newbro's Herpicide kills these germs and stimulates unhealthy hair to abundant growth. Herpicide is a pleasant hair dressing as well as a dandruff cure and contains not an atom of injurious substance. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

THE COTTON MARKET.

New York, Aug. 16.—The cotton market was fairly active again to-day and after selling at new low records for the season again during the early trading, rallied on covering and moderate buying credited to strong interests. The close was at a net decline of four points to an advance of four points.

The opening was steady at an advance of 1@2 points and shortly after the call prices wee about 2@3 points net higher on the active months as a result of covering and higher Liverpool cables. But there was no aggressive support, the weather map made a favorable showing and the local crop crowd was against the market despite the recent reserve losses and the bullish tenor of private cables from the English market. Prices consequently, soon weakened under a renewal of bear pressure and the decline forced the liquidation of recent buyers for a reaction under which the market went off to 9.32 for October, 9.42 for December and 9.51 for January, or about 9 points under the closing figures of the previous day. At this level the buying seemed to be of a more substantial character and there were rumors of some support. The market closed very steady and in the late trading there were rumors that the block of spot cotton had been sold. Sales were estimated at 300,000 bales.

Receipts at the ports to-day, 4,889 bales, against 2,805 last week, and 7,336 last year. For the week 25,000 bales, against 24,615 last week, and 57,330 last year. To-day's receipts at New Orleans, 3 bales against 2,488 last year, and at Houston, 5,531 bales, against 3,559 last year.

Spot cotton closed steady; middling uplands, 10.30; middling gulf, 10.55; sales, 500 bales. Futures closed steady. Prices ranged as follows:

August	9.25	9.16
September	9.26	9.24
October	9.42	9.40
November	9.49	9.45
December	9.52	9.50

DRY GOODS MARKET.

New York, Aug. 16.—An active jobbing trade was reported to-day, especially in domestic dress goods. Southern ginghams were advanced ¼ per yard. Gradually advancing prices are reported in the raw silk market. Trade at first hands showed some halting in sympathy with a lower cotton market, but a large volume of trade is already reported in bleachdd goods.

SPEAKER CANNON FOR PRESIDENT

Was Renominated Yesterday for His Eigtheenth Term in Congress from Illinois

ENDORSED FOR PRESIDENT

Convention Enthusiastically Adopted Resolution Lauding Mr. Cannon's Presidential Boom and He Consented.

(By Wire to The Morning Star.)

Danville, Ill., Aug. 16.—The convention of the Republicans of the 18th Illinois Congresional District here today renominated the Hon. Joseph G. Cannon for the 18th consecutive time.

There was the greatest enthusiasm especially over the prospective candidacy of Mr. Cannon for President. Mr. Cannon had not intended to launch a boom for president at the convention but the pressure of his supporters was so great as to sweep away his wishes in this matter.

Mr. Cannon's supporters in his district will likely urge the State convention to make similar endorsement.

The resolution endorsing Mr. Cannon for President was adopted amidst great enthusiasm.

"The resolution which you have just adopted, coming as it does from those whom I have represented in the National House of Representatives for over thirty years, touches me profoundly. I would be less than human did I not appreciate your expression of compliment, when you mention my name with approval in connection with the highest office in the gift of the people. I would not exchange your confidence for the gratification of any ambition I might have. It is proper for me to say, however, that we are on the eve of a campaign for the election of a National House of Representative, which involves one third of the personnel of the United States to say nothing of the campaign in the respective States. As you are aware the election will be held in November next. In politics as well as in other matters, it is best not to cross a stream until you come to it. The first stream to cross is in November next. It is too early to determine the personnel of the national ticket for Presidential election. So far as the Republican party is concerned, it will no doubt, in convention assembled, perform that duty wisely when the time comes, and whoever is chosen for leadership will surely receive the hearty support of those who believe in the policies of the Republican party, of which I am an humble member. No man would refuse the nomination at the hands of a great party for the highest office in the Republic, but such a man is to be had for seeking."

Mr. Cannon also delivered a formal speech accepting the nomination for Congress.

SOVEREIGNS KISSED GOODBYE

King Edward Took His Departure from Germany Yesterday.

(By Wire to The Morning Star.)

Cronberg, Aug. 16.—King Edward left Friedrichschof at 9:30 this morning. Emperor Wiliam, Prince and Princess Frederich Charles, of Hesse-Nassau and the Crown Prince Sophia, of Greece, accompanied him to the Cronberg railroad station. The leavtaking of the sovereigns was particularly cordial, both kissing each other on the cheeks. The Emperor accompanied the King to his compartment where they engaged in conversation till the train was ready to move. King Edward proceeded to Marienbarde and the Emperor returned to Friedrichshof.

FUSION IN NEBRASKA.

Democrats and Populists Come to Complete Agreement.

Lincoln, Neb. Aug. 16.—A conference today between the Democratic and Populists resulted in the completion of the State fusion ticket, the Populists being permitted to name candidates for four of the State offices. The result is fusion on the entire ticket. When Berge was defeated for Governor, the Populists with whom he had formerly affiliated and who claimed him when he ran for Governor two years ago, were indignant and it looked as though the two conventions would be unable to get the ground. This morning, however, the Populists were willing to take the remaining positions on the ticket and to endorse Shallenberger, the gubernatorial candidate who had defeated Berge.

A Deadwood, S. D., dispatch last night says: Kermit Roosevelt, with his young friend, John Heard, arrived today for a visit with Captain Seth Bullock, U. S. Marshal. The feature of the visit will be an overland trip by way of Belle Fourche to President Roosevelt's old ranch near Medora, on the Little Missouri river. The party consists of Captain Bullock, his son, Stanley, Paul Martin, son of Congressman Martin, Kermit Roosevelt and John Heard. They will travel with a complete camping outfit and will be gone for a week or ten days.

NEGRO BEAST RIDDLED IN SOUTH CAROLINA

Citizens Captured Negro Assailant of Miss Brooks and Lynched Him Last Night—Governor Heyward Appealed to Mob in Vain

(By Wire to The Morning Star.)

Columbia, S. C., Aug. 16.—Within the shadow of the home of his victim, Miss Jennie Brooks, after having been identified by her, and after Governor D. C. Heyward, who to-day went to the scene of the trouble had adddessed the mob in vain, Bob Davis, the negro who on Monday murderously attacked Miss Brooks with intent to commit assault, and who afterwards outraged a negro girl 14 years old, was lynched at Greenwood, S. C., about 7:30 o'clock this evening.

Governor Heyward reached the scene shortly after the negro was captured. A platform was erected in a fence corner on the premises of the victim's father upon which Gov. Heyward addressed the mob in an effort to prevent the lynching. Governor Heyward beseeched the mob not to lynch Davis, but in vain. At the conclusion of hisspeech theGovernorwas vaciferously cheered. The mob then removed the prisoner from the view o. the Governor and riddled him with bulets. It is impossible to estimate the crowd, as citizens from several counties had gathered at the scene and for two days had been in pursuit of the negro, but it is certain that hundreds of bullets were sent through his body.

The militia in that section of the State is now encamped at Chickamauga and there were no nearby troops to be called upon. The Governor's guards and the Richland volunteers of this city had been ordered to hold themselves in readiness in the event that their services were needd, but th mob was detrmined.

The negro was captured in a creek and tied hand and foot and brought to the home of his victim for identification. When they arrived at the home of his victim for identification. When they arrived at the gate of the brooks home, a great crowd gathered there. "Let's wash his face, boys, before we take him to the house," said some one, but the crowd was too impatient. Four men were delegated to escort him to the house. The young lady lying on her bed with a deep gash in her throat, turned her eyes toward the negro as he stood there between his captors, his hands tightly bound with a rope. "That's the scoundrel," she said. "I know him by his eyes." The negro was removed outside the house.

"Hear the Governor," said some one, and he began in his clear voice a most impassioned appeal. " I know," he said, "that nothing could take place that could keep you from hearing the Governor of South Carolina. The applauded. "I came here alone," he continued, "not bringing my troops, only two newspaper men came with me, and they as well as I are South Carolinians, just as you are, with like feelings. You are my friends. Here I amw, not alone as your Governor, but as your friend. But it is my duty to enforce the laws of South Carolina. Don't cheer, men; this is a solemn occasion and I am very much in earnest and besides it is a situation that appeals to all South Carolinians. I come to appeal to your manhood. The question is shall the people be allowed to be ruled by their passions and prejudices, or shall the supremacy and the majesty o fthe law be upheld? I promise you on my honor that a speedy trial as the law allows shall be held. I would not object to cutting the

"I am here alone," went on the Governor, "but I represent the majesty of the law; I represent the State of South Carolina, your State and mine, and I say to you, I beg you, I imirore you, in God's name, don't put another stain upon our fair State. I plead with you to let the law take its course. You have an opporunity here—a splendid opportunity—to let it be said that South Carolina leads in this matter. Let us reason together, I feel just as you do, I have lived in the country and realize the dangers to which our women are constantly exposed but there is something higher than the wreaking of vengeance on that black devil and fiend of hell. You won't enjoy it to-morrow when you look back upon it all."

Just here the men came up to the stand, and said: "We appreciate what you say but we rae not going to do it. We have stood this thing long enough."

Many shouted for the Governor to bo on.

THREATENING TO KILL U. S. NEGRO SOLDIERS

Citizens of Brownsville, Tex., Under Arms and Refuse to Allow Them to Leave Barracks—Texas Rangers Sent to Scene

(By Wire to The Morning Star.)

Washington, Aug. 16.— The following dispatch was received by Gen. Ainsworth, the military secretary, from Maj. Penrose, commanding the battalion of the 25th Infantry, negro troops, stationed at Fort Worth, Tex., and gives the efirst official information of the riot. Major Penrose was not in possession of all the facts when he sent the dispatch, which follows:

"Reference to your telegram yesterday. A shooting occurred in Brownsville, about 12:30 on the morning of 14th in which one civilian was killed and the chief of police wounded in the right arm, which had to be amputated. Believe shooting was done by enlisted men of this post, but have not as yet been able to detect guilty party. Am conducting most thorough investigation possible and working in perfect harmony with citizens' committee and mayor of Brownsville. Guard of one of third garrison, one company, constantly on duty; all enlisted men confined strictly to post and no one allowed to enter but mayor, members of citizens' committee and those having official business. Conditions well in hand by both mayor and myself. No trouble since shooting, and anticipate none. Full facts reported to Department Commander by wire and mail."

It is said at the War Department that no new police has been inaugurated in the matter. In fact it is said, more negro troops have been stationed in Texas than in any other State and no complaints on this score have arisen heretofore.

Citizens Under Arms.

Houston, Tex., Aug. 16.—A special from Brownsville, Texas, says further trouble is feared there with the negro troops. A citizens' guard of 150 men is stationed along the road between this city and Fort Brown and if the negroes attempt to leave the garrison it is the avowed purpose of the citizens to shoot them. Four hundred rifles were sold to citizens yesterday. The report that the officers of the garrison are themselves afraid of the negroes has determined the citizens to take no chance. Many people are leaving their homes on the side of the city near Fort Brown. Adjutant General Hulin considers it unwise to send State troops to Brownsville.

Texas Rangers Sent.

Austin, Tex., Aug. 16.—According to a telegram received by Gov. Lanaham from the authorities of Brownsville, conditions there are anything but reassuring. While all is quiet to-day, it is reported that there is an armed body of men extending from the city proper to the barracks and it is believed if any of the negroes show themselves there is danger of immediate and serious consequences. While the Governor will not make public the substance of his telegram and will not make an official statement concerning conditions there, it is learned that by agreement with the Federal outhorities he has sent a Ranger force to Brownsville to preserve order.

BATTLE BETWEEN MINERS.

One Supposed to Be Killed and Twenty-Six Injured.

(By Wire to The Morning Star.)

Pittsburg, Pa., Aug. 16.—As the result of a battle last night at Butler, Junction, Pa. between union and nonunion miners, Stef Reaway, a nonunionist, was fatally stabbed, and Steven Moseley is missing and is supposed to have been killed. Twenty-five others were more or less seriously hurt.

About three weeks ago the mines of the Pittsburg Plate Glass Company wetre changed from union to nonunion. At that time an outbreak was pprehended and the sheriff and deputy sheriffs were notified to be in readiness, but there was no trouble until last evening when about thirty non union miners assembled at Butler Junction and were enjoying themselves in a quiet way, when they suddenly were attacked by the men whom they had supplanted at the mines.

Sticks, stones, and knives were used as the attacking weapons with the result that nearly every one of the nonunion miners sustained some kind of injury. Finally the assailants retired and it was found that Reaway had been fatally wounded and Mosley was missing. Eleven arrests of suspects were made to-day.

BLOOD CARNIVAL IS UNCEASING

Cossacks Fire Volley Into Crowds and Brain People With Butts of Their Guns—Terrorists Awful Work of Revenge.

(By Cable to The Morning Star.)

St. Petersburg, Aug. 16.—Today's dispatches from Poland are hardly less grave than those of last night. At Lodz, after the police station had been blown up and burned, Cossacks and other troops fired volleys into the crowds and more or less street fighting followed. The casualties are not given.

At Warsaw also street fighting occurred today, and especially in the Jewish quarter, the revolutionists using bombs against the police and troops. One hundred and fifty persons are reported to have been wounded by rifle fire and thirty by bombs.

A bomb was thrown into a procession which was passing through Chodna street, Warsaw, on its return from a pilgrimage to the Shrine of the Holy Virgin at Rokino, near Warsaw, wounding two of the processionists. The explosion attracted a patrol of infantry, who without warning fired a volley, wounding 30 persons.

A band of revolutionists today attacked a government alcohol store and shot and killed a clerk and wounded two other persons. The band tried to rob the cash drawer. A patrol of infantry surrounded the house and the revolutionists fired from the windows, but all of them were arrested.

The Polska Gazette and the Dzvon Polska, organ of the Polish nationalists, today published strong leading articles denouncing the state of anarchy which the socialists are producing in Poland. Their object, the papers declare, is not the attainment of freedom but the bringing about of a civil war.

At Plock last night five policemen were killed and two were wounded. The assassins escaped.

Wednesday's Rioting.

Berlin, Aug. 16.—A dispatch to the Vossische Zitung from Warsaw gives details of yesterday's rioting. It says:

"The disturbance was due to the determination of the revolutionists to avenge the arrest of 140 workmen of an enamelware factory. The firing began at 10 o'clock in the morning in various parts of the city as if by concentrated signal. The first shots were fired by a young Hebrew, who killed a soldier and a policeman and then fled nito a shop. A soldier pursued the man and fired, killing the woman who kept the shop. In many places the military fired on the crowds indiscriminately and the exact number killed has not yet been ascertained. Bodies picked up in the streets continue to be brought to the morgue, which is guarded by troops. Many of the wounded conceal themselves because the soldiers arrest all wounded persons. Strong patrols of twenty to fifty cavalrymen are riding through the streets, searching passers-by for arms. The streets in the Jewish quarter are deserted because the military patrols knock down with the butts of their rifle everybody they meet.

"A bomb was thrown at 2 o'clock in the afternoon in the windows of the police station, wounding 20 policemen and 20 passersby. Nobody was killed.
